

Nature-based Programs for Early Education

Hands-on Sustainability Focussed Interactive Fun

Natura Education have been operating on the Gold Coast for over 10 years delivering nature-based environmental education programs at Early Learning Centres, Primary Schools and High Schools in South East Queensland and Northern New South Wales.

We offer your centre the opportunity to support each child's learning by teaching fun and interactive programs in your centre, focussing on the needs of children aged 2.5 – 5 years.

HOW DOES IT WORK?

Programs can be delivered as a set of 3 with the Sustainability Bundle, on a weekly basis over 8 weeks with the Friends of the Earth Package or as a one-off program by choosing any one of the individual workshops. Each booking requires a minimum of 40 children.

Choose from these interactive programs... All are hands-on and nature-based with a focus on environmental science.

The Sustainability Bundle

Includes 3 x 30 minute workshops which will be delivered at your centre throughout the year at a time best suited to your needs. The workshops include:

- Drips & Zaps**
Conserving our water & energy
- Recycling is Fun for Everyone**
Caring for our planet's resources
- Compostosaurs**
Organic recycling made easy

Friends of the Earth Package

This package delivers one interactive and hands-on 30 minute workshop each week, over 8 weeks. For this package choose one of the following subject areas:

What Goes Around Comes Around

Living sustainability with water, energy and recycling

Cool Creatures Great & Small

Learn the importance of biodiversity by getting up close and personal with mini beasts

Mrs Marden's Magic Garden

The wonder of growing a garden and organic recycling

WHY CHOOSE US?

Because we make earth-friendly practices in your centre fun and easy, and we can help you comply with the National Quality Framework (NQF) requirements! All centres will receive a Certificate of Completion, supporting your centre and educators to Exceed Quality Area 3.

WHAT DOES IT COST?

Friends of the Earth Package:
\$7.00 per child per workshop
(total of 8 workshops)

Sustainability Bundle:
\$7.50 per child per workshop
(total of 3 workshops)

Individual Workshops
(from any of those listed above):
\$8.50 per child per workshop
